TAEKNI Empowering Performance	QUALITY POLICY	Doc No: TSB/IMS/M/A3 Revision: 00 Effective Date: 4th AUGUST 2025

It is the Policy on Quality of **TAEKNI Sdn. Bhd.** to maintain optimum quality systems that are planned and developed in relation to the management functions and to ensure that facilities are available to sustain the quality of the Company's products and services to the satisfaction of the Client(s).

The Management's drive for continuous improvement in the quality of the Company's products and services has facilitated regular reviews of its performance, based on the objectives of the Policy.

TAEKNI's commitment to the quality of its products and services is reflected in its business operations to provide:

- Top-side major maintenance, hook-up, construction & commissioning,
- Engineering, operations & maintenance,
- Oilfield optimization services,
- Equipment packaging and manufacturing,
- Offshore marine support.

by performing defect-free work, understanding the full specifications and intended requirements of its clients, and complying with or exceeding the requirements of its clients, if necessary, with particular emphasis on ISO 9001:2015 Quality Management systems and standards.

The nature of the Company's business requires strong emphasis on capability, reliability, safety and quality. Thus, **TAEKNI** is committed to providing product, systems and services that add value and contribute positively towards the success of its clients' business performance.

The business unit heads of all departments shall ensure that the established objectives are monitored and reviewed periodically. As part of our commitment, the management shall ensure that the Policy on Quality is understood, implemented and maintained at optimum levels in all business operations of the Company.
